

IMAGIJET by IMAGICO...Industrial **INKNOWLEDGE** for your Printing success

IMAGICO is proud to introduce its new range of **IMAGIJET 3970 LED Inkjet MB** (Master Batch) for Digital Industrial coding, marking, graphic arts signage and narrow web printing.

IMAGIJET 3970 LED Inkjet MB (Master Batch) series will allow the end user to use Imagico **INKNOWLEDGE**, its narrow particle size pigment distribution and stability at jetting temperature will allow the final formulator to reach ink stability, jetting performance and to improve ink reliability in industrial environments.

*Measurements at 25° C

**Measurements after 3 weeks at 45°C

Maintenance cost will be reduced in production due to the extreme stability of IMAGIJET 3970 LED Inkjet (MB) inks family*

Inks developed with IMAGIJET 3970 LED Inkjet MB will cure under the most extreme LED conditions in final process allowing end user to achieve speeds up to 40 m/min in narrow web printing.

*Please ask our R&D team the best mediums, catalyzers and resins for your process.

IMAGIJET..let's print your success

IMAGIJET by IMAGICO...Industrial **INKNOWLEDGY** for your Printing success

IMAGIJET 3970 LED Inkjet Ink Features

- Reduces edge curling and embossing by using appropriate monomer mixtures.
- Edge chipping reduction due to its extreme flexibility.
- Improved performance of pigment flow due to its innovative and unique dispersions manufacturing technology.
- Low print residual odour by using appropriate monomer mix.
- Suitable for using in exterior printing, Imagico pigments selection warranty ink performance under the most aggressive conditions.
- Suitable for corrugated board decoration in single pass process.
- Improved filtering ratio against competitor inks.
